

Want to run your own business? Not sure where to start?

'Ready For Business' is a specially developed workshop for anyone looking to start a business. The session will cover all the elements a new entrepreneur needs to think about in order to launch a successful enterprise. You will cover the fundamentals of setting up in business including routes to market, business planning and forecasting sales. You will also be introduced to the one-to-one support offer available to a new startup business through the Ready for Business scheme.
